HOW IT WORKS

POWERED BY RAPIDSOS

SHARED LOCATION

Send your location to your loved ones and 9-1-1 even if you don't know where you are or can't speak.

EMERGENCY ALERT

A text message notifies up to 5 pre-selected emergency contacts that you're requesting help.

CONTACT 911 FEATURE

Enable the free and optional contact 911 feature to connect your emergency contacts with police close to your location.

PERSONAL PROFILE

Share personal information like your name with dispatchers to aid in responding to your emergency.

RAPIDSOS

WHAT IS RAPIDSOS?

invisawear is powered by RapidSOS which allows us to share enhanced location and data with 911.

This allows you to share your name and location with any 9-1-1 dispatch center in the US (if you have the free and optional contact 911 feature enabled).

WHY INVISAWEAR?

invisawear is attractive and smart jewelry which instantly sends your location to emergency dispatchers and loved ones during an emergency.

The charm containing the technology is small, stylish, and can be worn in a variety of ways (a necklace, bracelet, choker, or keychain). You can even clip it to your bag or purse, or wear it with any major brand of jewelry.
